Dear Sir -

They what a shame that today they are trying to take away what few pleasures we have.

R. P. D. is a wonderful program.

It gives a lot of information on Farming and Rural interest.

A good Clean program for people like me.

Really enjoy the Music.

Please don't take away what little pleasure there is in the World today.

Thank you -

to whom it may concern.

We would urge you to continue to provide RFD-TV and other independent suppliers to Rural America. We turn this ~~in~~ to keep up with the Farm Markets and Farm Related stories to help us with our Farming related issues. Please let the small independent broadcasters be able to continue to serve rural America with this agriculture information

Dear FCC,

RFD TV is my favorite channel, the most decent, educational, entertaining and interesting programs TV has to offer.

At my age (89) ^{and widow} my activities are limited so I look forward to and depend on RFD TV, the best station on TV.

Please, have a heart and don't let anybody take so much joy away from me. I ^{believe} all the good stuff ^{is} on there.

Sincerely,

Myrtle M. Cowley

Dear FCC Proceeding Number 16-41

my name is Opal Upchurch and I live at 105 Wildwood Blvd.
in New Castle, IN. 47362, my phone number is 765-529-9083.

I really enjoy watching RFD-TV on Direct TV network.

My family and I can watch any of the RFD programs and
not have to worry about the content being indecent.

We also enjoy watching the music shows, the nature and
equestrian shows and Cowboy Church. It is

informative and helps keep me up to date on the
newest products and methods to use for gardening

and planting. The American family needs to have good
instructional and values to grow with and to share

the information with those who do not get these channels.

I pay extra to get RFD and I'm sure it is a burden
for some people on fixed incomes to afford the extra cost.

Please keep RFD and the weather channel and other
independent programming channels on the air for
the American families across the U.S. to be able to have

family friendly programs. They are a good source for values
and information of rural life with "how to" raise animals
and grow gardens.

They can be a productive part of their
neighborhood. We need to get back to God and a family
country.

Sincerely, Opal M Upchurch

to Roy and family,

I hated to see Joey leave, but I know she's in
a better world, she's in heaven with Jesus,
in the arms of Jesus, she's singing with the
angel band in heaven, I miss her singing and
her sweet smile, she had a beautiful voice
for singing. I watch the show every Sunday
night I enjoy it very much, I live by my
self, but I know that Jesus watches over me,
no doubt about that like Joey said he's a wonder
god, he truly is, I try to live for him the best
I can down here, I've been saved years ago
at a bush harbor meeting, he's a wonderful lord and friend,
tell hopie hi, and little alander, I said hello
I wish I could meet you all in person
but one day I will when Jesus calls me home,
I'm trying to get it to heaven,
when he gets ready to call us no matter what's
wrong with us we'll have to go at his calling,
we no not where or when, hope you all are doing ok,
hope that Joey got to see my card and letter I
send her, I miss her sweet smile and her beautiful
voice, would you send me a picture of little alander
if you have any, she's a beautiful little girl,
no matter what's wrong with us, God no say about it,
I've got the Dodo when the gatherers came to
visit you sat the farm, I enjoy watching it
I watch it almost every night I enjoy it I got it

Please put proper importance to RFD TV (channel "345-Direct TV") and realize the value of this channel to Senior Citizens and people who are interested in those things we can look at on this channel.

This is the most wholesome Channel on the television set

We, the United States of America need this channel to stay on our television sets.

Thank you very much.

Dear FCC,

DOCKET FILE COPY ORIGINAL

I'm a relative newcomer to viewing RFD-TV, and I enjoy it tremendously. I'm a disabled senior whose roots are in rail-roading (Illinois Central: Freeport/Rockford area). Other relations farmed. I've lived my entire life in California. I went with Mom to a huge family reunion at age 7.

Having RFD-TV is the only way I can connect to and fully appreciate my roots. No other relatives of mine remain - I'm truly the last one.

If cable - as - business has their way, my past disappears altogether and I would be beyond heartbroken. There is a place for the programming RFD-TV provides; it educates, provides me a link to my past and what the future holds for the modern farmer. Both past and present traditions need to be preserved and protected. Younger people need to know what's at stake: food production, sustainable farming, etc. What's at the market exists because someone's effort and sweat put it there!

I proudly watch RFD-TV on U-verse ch. 568. Thank you for your time!

Respectfully, Mary Jane Dulleck, 1496 Almaden Rd. # 134, San Jose, CA, 95125.

Sheriff's Search + Rescue.

He has been an avid volunteer
for all public services in our county.

To my family, he represents the
horse riders, farmers, working so hard
in many communities seen on this
show. All of them represent the best
of America, and it is vital for
new Americans to see good people
on TV!!!

He represents the best in America

don't let them take off our
favorite program RFD. don't
have all the fancy pads +
internet but this is my feeling
its the most clean family program
on T.V. if I could get it
I would probably cut my T.V off
just love the music wish we
could get more on sat. We girls love
the western country Cumberland highland
the Debbie Horton Dale Vincent would
love to see more of this so as a senior
Citizen its not much on T.V. for us
Keep fighting for us it is appreciated so
much looking forward to keeping it on

To whom it may concern;

Proceeding number 16-41

I watch RFD-TV on satellite provider DirecTV. I have also had Cable-Charter in the past also and watched RFD-TV on it as well.

The FCC needs to protect the small independant TV providers like RFD and PBS so they can keep providing their programs, as they seem to have good programs for all ages to watch, as well as good informative programs for learning on all sorts of topics.

They Do Not have Trashy programs like the large TV stations have. So many of the TV programs available are not fit to watch, we really need to clean up the programming on our TV's to make it worth watching and plus better watching for the money we pay for our TV. So much of the service we receive is so bad the independant servers don't seem to give that kind of programming or service.

I watch RFD-TV + PBS most of the time because most of the time there is not anything worth watching on the other channels on TV. To lose these independant stations would be very bad for seniors especially as they don't have a lot of other entertainment except for the TV and they enjoy the programs that RFD & PBS put on the air. Besides that the large companies Do Not need a monopoly on the

programming available to the public. We need the programs and information that the small independent companies provide. Please help us keep that!

A Very Concerned Customer of TV.

Jean Taylor
Billings MT.

To the FCC: 16-413-28-16
I watch RFD TV on Direct TV.
I love this channel and would
hate to lose it, because, except for
PBS, the junk on regular TV is
bad and getting worse, with unsavory
behavior + language being glorified,
and much too much violence.

I am not now a farm wife, although
I was raised on a farm and enjoy
country oriented programming, plus the
great country-western music! Wholesome,
varied, quality programming - all
these describe my favorite channel.

After all, people who love the
country have the same buying power
as "city folk"; + we also vote + raise
families.

Please leave RFD-TV alone!
